ANNEXURE B

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of Asis Logistics Limited ("the Company") as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting (IFCoFR) of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

NOTE: A STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except for change in the accounting policy for depreciation as more fully described in Note AD.

(b) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

(c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. It includes excise duty and discounts but excludes value added tax / sales tax and is net of returns. Excise duty shown as deduction from revenue is the amount that is included in the amount of revenue and not the entire amount of liability that arose during the period.

Sale of Licenses

Revenue from sale of licenses is recognised when the entitlement for license is endorsed in the name of the importer. It excludes value added tax / sales tax.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Dividend income is recognized when the right to receive dividend is established.

(d) Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

In respect of accounting periods commencing on or after 7th December, 2006, exchange differences arising on reporting of the long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.

(e) Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Intangible assets are amortised over their estimated useful life on straight line method. The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

(f) Impairment

- i. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(g) Leases

Where the Company is the lessee: Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss account on a straight-line basis over the lease term.

(h) Inventories

Inventories are valued as follows:

Raw materials, stores and spare parts	Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on weighted average basis.
Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.	

(i) Foreign currency transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. Exchange differences, in respect of accounting periods commencing on or after 7th December, 2006, arising on reporting of long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to the acquisition of a depreciable capital asset, are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset.

(iv) Forward Exchange Contracts not intended for trading or speculation purposes

In case of monetary items which are covered by forward exchange contracts, the difference between the exchange rate on the date of such contracts and the year-end rate is recognized in the statement of profit and loss account. Any profit/loss arising on cancellation of forward exchange contract is recognized as

income or expense of the year. Premium/Discount arising on such forward exchange contracts is amortised as income/expense over the life of the contract.

(j) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

**(k) Retirement and other employee benefits
Provident Fund**

Retirement benefits in the form of Provident Funds are a defined contribution scheme and the contributions are charged to the statement of profit and loss account of the period when the contributions are made to Regional Provident Fund Commissioner. There are no other obligations other than the contribution payable.

(l) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities across various countries of operation are not set off against each other as the company does not have a legal right to do so. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The deferred tax in respect of timing differences which originate during the tax holiday period and reverse during the tax holiday period, are not recognised to the extent the enterprise's gross total income is subject to the deduction during the tax holiday period as per the requirements of the Act.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. AA In the previous year, pursuant to the notification of Schedule II to the Companies Act, 2013 with effect from April 1, 2014, the Company revised the estimated useful life of some of its assets to align the useful life with those specified in Schedule II. Further, assets individually costing Rs. 5,000/- or less that were depreciated fully in the year of purchase are now depreciated based on the useful life considered by the Company for the respective category of assets. The details of previously applied rates / useful life are as follows:

Asset	Previous depreciation	Previous depreciation	Revised useful life based on SLM

	method	rate / useful life	
Computers and Data Processing Equipment	SLM	16.2% / ~6 years	3 years
General Plant and Machinery	SLM	7.07% / ~15 years	15 years
Furniture and Fixtures	SLM	6.33% / ~16 years	10 years
Vehicles	SLM	9.5% / ~10 years	6-8 years

Pursuant to the transition provisions prescribed in Schedule II to the Companies Act, 2013, the Company has fully depreciated the carrying value of assets (determined after considering the change in useful life of assets), net of residual value, where the remaining useful life of the asset was determined to be nil as on April 1, 2014, and has adjusted an amount of Rs. 8.38 mn against the opening Surplus balance in the Statement of Profit and Loss under Reserves and Surplus.

AB The Company has significant operating leases for office premises and godowns. These lease arrangements range for a period between 11 months to 60 months with cancellable clause of 2-3 months.

The aggregate lease rentals payable are charged as Rent in Note S aggregating Rs. 1.80 mn (Previous Year Rs 2.54 mn).

The Company, has during the period, not received any intimation from any of its suppliers regarding their status under the said Act. Based on the above facts, management has decided that none of them are registered under the Said act and hence disclosures, if any, relating to amounts unpaid as at the year end along with interest paid/payable have not been given.

AE On 12 March 2105, the Board has approved the sub division of equity shares from Rs 100/- each to Rs 1/- each. The Shareholders have approved the same, through postal ballot on 24 April 2015.
